Subject: **Invitation for Symposium on “Computational Complexities, Innovations and Solutions (CCIS) 2015”**

Dear Sir/Madam,

The Department of Mathematics, **COMSATS** Institute of Information Technology, Abbottabad is going to arrange 10th Symposium on “**Computational Complexities, Innovations and Solutions (CCIS)**” on **May 11-12, 2015** as a series of symposia started from 2006.

The primary objective of the symposium is to bring together computational scientists from all fields of the traditional sciences, i.e., Mathematics, Physics, Chemistry, Biology, Medicine and all branches of Engineering in order to share the methods and ideas. The purpose of holding the symposium is to gather the researchers, the educationist, the industrialist and the scientist to present the achievements done so far in the field of Computational Mathematics.

We feel honored to **invite** you for the 10th **Symposium**. The registration form and poster of the Symposium are attached herewith. It will be pleasure for us if you deliver a talk in our Symposium. Kindly inform us by using the attached registration form for this purpose (Email the scanned copy of filled registration form). An early response in this regard will help us to make the necessary arrangements. Please disseminate this information among your colleagues and students and also display on notice board.

For more information visit the web page: <http://technomoot.edu.pk/ccis/proceedings.aspx>

Yours truly,

Dr. Usman Ashraf
Symposium Secretary
